Spit cooking is a slow and meticulous ritual that includes the preparation of a special seasoning of spices, oils and natural flavors to obtain fragrant and succulent meat. The spit-roasted meat is cooked for at least 8 hours and is constantly bathed in Zahre Beer to maintain a unique softness and a very delicate flavour. Cooked with an original Molteni skewer which has ensured the highest cooking quality for more than 90 years. (1 5 7 9 13)
